## Advances in Psychology Research

This continuing series presents original research results on the leading edge of psychology. Each article has been carefully selected in an attempt to present substantial results across a broad spectrum. This book reviews research on Cognitive Behavioral Relating Therapy (CBRT); beer consumption and alcohol abuse related problems in Italian adolescents; the psychopathological effects of cochlear implants; organisational diversity management; chronic fatigue in people with neurological injury and its influence on wellbeing; stressors as antecedents to sports injuries; violence in sports competition; Cognitive Behavioral Case Management (CBCM) for early psychosis; enhancing regularity in meditation using social cognitive therapy; the identity change process and the serially deprived offender; and e-mail scam perpetrators.
