Doggy Style sex, as a sexual position, is considered the most erotic, intimate position due to the unique view it offers the lover behind. The female genitals and crotch are opened, exposed, and on display in bright, vivid color. 100 women strip nude/naked, bend over on all fours, and reveal this sensual position in this unique photograph collection sure to get your heart racing. Women, if you ever wondered what you look like to your lover, you will no doubt find a model that mimics your genitalia / crotch region... and you will suddenly see in graphic detail what you look like from behind. Men who haven't experienced this form of sexuality will catch their breath from page one to the end, seeing into a forbidden, taboo, and often banned view for the first time. Men who have seen this sight before on a limited fashion can now see a variety they cannot imagine... some good, some bad, some amazing. Lesbians will love it, straight men will love it, if you like women sexually at all... you will love it. The vagina (commonly known as "the pussy") is displayed in graphic fashion. The female anus is also displayed in graphic fashion. The entire crotch is in vivid color... as close as they would let us get, from a variety of angles and distances. Not XXX, or Porn, this is exotic, erotic art. Naturalists and Nudists will love this book as well!
