The Renaissance was a reaction against the attitude of the Middle Ages. And the Reformation was the passionate, divisive argument that grew out of it. Catholics, Calvinists, Lutherans, Anabaptists - our present-day divisions were the front-page headlines of the Reformation. Volume three of *2,000 Years of Christ's Power*, in showing the progression of the Reformation era, and the daring bravery of its figures, presents a period of history from which there are many lessons to be learnt - not least of all, the vibrancy of people's lives and the courage with which they faced death.
