## **Liturgy and Tradition: Theological Reflections of Alexander Schmemmann** Thomas Fisch

This collection of essays by the preeminent Orthodox liturgical theologian is intended as a companion volume to his Introduction to Liturgical Theology. Here can be traced the development of his thought, particularly his increasingly precise articulation of the nature and method of liturgical theology. Here too can be found Schmemmann's constant stress on liturgy as an eschatological and ecclesial event. He repeatedly challenges the liturgical movement in both East and West to rediscover this understanding of the liturgy, an understanding which was so central in the life of the early church. The introduction by Thomas Fisch discusses Schmemmann's contribution to the broader liturgical movement and places him in the vanguard of twentieth century thinkers.
