## **The Mayan Apocalypse** Mark Hitchcock, Alton Gansky

On the heels of Mark Hitchcock's prophecy bestseller *2012, the Bible, and the End of the World* comes a suspenseful novel (coauthored with bestselling novelist Alton Gansky) about the supposed expiration date of planet earth--December 21, 2012.

Andrew Morgan is a wealthy oil executive in search of the meaning of life. In his quest for answers he encounters the ancient Mayan predictions that the world will end in 2012. That the claims seem supported by math and astronomy drives him to check on them. Then he meets Lisa Campbell, an attractive Christian journalist also researching the Mayan calendar. When he learns that she is a Christian, he quickly dismisses what she has to say.

As the time draws closer to December 21, 2012, a meteorite impact in Arizona, a volcanic eruption, and the threat of an asteroid on a collision-course with earth escalate fears. Are these indicators of a global apocalypse? Will anyone survive? Does Lisa's Christian faith have the answers after all? Or has fate destined everyone to a holocaust from which there is no escape?
