A Theory of Human Need

Len Doyal, Ian Gough

A Theory of Human Need Len Doyal, Ian Gough

Rejecting fashionable subjectivist and cultural relativist approaches, this important book argues that human beings have universal and objective needs for health and autonomy and a right to their optimal satisfaction. The authors develop a system of social indicators to show what such optimization would mean in practice and assess the records of a wide range of developed and underdeveloped economies in meeting their citizens' needs

From reader reviews:

Ruth McMillian:

The book A Theory of Human Need can give more knowledge and information about everything you want. Why must we leave a good thing like a book A Theory of Human Need? A few of you have a different opinion about book. But one aim in which book can give many details for us. It is absolutely right. Right now, try to closer with the book. Knowledge or details that you take for that, you could give for each other; you are able to share all of these. Book A Theory of Human Need has simple shape but you know: it has great and big function for you. You can look the enormous world by open up and read a e-book. So it is very wonderful.

Deb Valdez:

Information is provisions for individuals to get better life, information currently can get by anyone with everywhere. The information can be a knowledge or any news even restricted. What people must be consider whenever those information which is inside the former life are challenging to be find than now is taking seriously which one works to believe or which one the particular resource are convinced. If you get the unstable resource then you understand it as your main information we will see huge disadvantage for you. All those possibilities will not happen in you if you take A Theory of Human Need as your daily resource information.

Roberta Nieves:

Playing with family in the park, coming to see the coastal world or hanging out with pals is thing that usually you may have done when you have spare time, subsequently why you don't try point that really opposite from that. One activity that make you not sense tired but still relaxing, trilling like on roller coaster you have been ride on and with addition info. Even you love A Theory of Human Need, you are able to enjoy both. It is fine combination right, you still want to miss it? What kind of hang-out type is it? Oh occur its mind hangout guys. What? Still don't understand it, oh come on its called reading friends.

Karen Huff:

Many people spending their time period by playing outside using friends, fun activity using family or just watching TV all day long. You can have new activity to invest your whole day by reading a book. Ugh, you think reading a book can actually hard because you have to bring the book everywhere? It fine you can have the e-book, taking everywhere you want in your Mobile phone. Like A Theory of Human Need which is keeping the e-book version. So , try out this book? Let's observe.
