Properties of Matter (God's Design for Chemistry & Ecology) Debbie Lawrence, Richard Lawrence
Elementary and middle schoolers will love the exciting, easy-to-understand, and easily taught lessons in the *God's Design* textbooks by Debbie and Richard Lawrence. All twelve books in the *God's Design* series are very comprehensive, richly illustrated, and cover material that is often left out of other curricula. You'll love the flexibility of this popular series, which is designed to be used with students ranging from first through eighth grade ... all at the same time!

Best of all, *God's Design* textbooks help you teach science from a biblical, creationist perspective, emphasizing God's handiwork in the world around us. Using the *God's Design* curriculum from AiG will help strengthen your student's faith by showing how science consistently supports the Bible's written record. Students will learn to think critically and logically examine arguments presented by all sides in the creation/evolution debate.

Learn how to measure and classify matter, to identify solids, liquids, and gases, and use the scientific method to explore solutions and mixtures.
