Texting. There are no rules. Until now. “Textiquette, the dos and do nots of texting”, is a fun list of the basic rules of texting. After fighting a five year long battle with a T9 cell phone, Calandra Ysquierdo, was driven by the sheer number of text messages that made her question the intellects of the people texting her to create this book. Calandra feels that the time is right, on the 20th anniversary of text messaging, to answer the important questions we all have had, when is the proper time to respond to a text message; do you need to use proper grammar; how did text messaging start; what was the first text message and why we should be following Texting Etiquette --Textiquette.
