Myth & the Body - A colloquy with Joseph Campbell Stanley Keleman

In 1973, Two pioneers in their respective fields - Stanley Keleman and Joseph Campbell - began to hold what would be fourteen annual seminars, ceasing only with Campbell's death, to trade their well-honed thoughts on the subject of mythology and the body.

Their talks ranged over a vast number of subjects, but the two friends found themselves returning again and again to ponder the meaning they found in the story that lies at the very heart of Western thought: Parsifal and the quest for the Holy Grail.

Whether your interest lies in psychology or mythology - or both - you are sure to be fascinated by the connections forged by two original and celebrated thinkers.
