## **Oracle 9i: Introducing PL/SQL Server Pages with NetObject Fusion** Rajeev Kaula

PL/SQL Server Pages is a technology introduced by Oracle for developing Web applications by using Oracle's PL/SQL language as a server-side scripting language. This book is written with the objective of allowing the student to learn development of database-driven Web applications through the utilization of SQL and PL/SQL languages for relational database processing. It provides a hands-on approach toward Web development. To facilitate development of PL/SQL Server Pages, NetObject Fusion Web authoring software is adopted to supplement the HTML coding of a Web page. There are sample databases, numerous examples and tutorials in the book to explain the various concepts. Each chapter ends with Review Questions and Problem Solving Exercises. The book is written for college students and moves at a pace suitable for students.
