## Reviews in Computational Chemistry. Volume 4 (v. 4)

### Reviews in Computational Chemistry. Volume 4 (v. 4)

This fourth volume in the series brings together experts in the field to present the reader with an account of recent developments in computational chemistry. Rather than create a traditional review article, each author approaches a topic to enable the reader to understand and solve problems and locate key references quickly. An updated compendium of software for molecular modelling appears as an appendix as in previous volumes.
