## **Diaries of the Dark Side, 2nd Edition** Cassidy O'Connor

This revised edition of the controversial Diaries of the Dark Side contains a new introduction and reflection on the incidents and strange occurrences since the book was first published! Young Cassidy O'Connor was an avid researcher of the supernatural. When she found herself involved in a case that was unlike any other, however, she was forced to open her eyes. With the introduction of young Matthew into her life, she began to realize this was not a normal haunting. This was something very different - this was evil. Cassidy dug through layers of historical events and learned how the past can always come back to haunt you. Combining history with folklore, she discovered that what tormented Matthew and his family was not a ghost or a simple whisper, but something out of Hell itself. This is a true, first-person account from the woman who aided that family over a three year period. Not even medical diagnoses, hospitals, or the legal system could explain what plagued Matthew, but Cassidy, without any experience of the demonic, had to prepare herself for the fight. This story is a warning to those who believe that the world of the demonic is something to toy with. It is a warning to those who feel that fame and fortune can come from entering that forbidden world.
