If you've **answered yes** to one of the above keep reading, You've found the right book for you.

You're about to learn the techniques to create your perfect garden!

Many of us struggle when we first start with our garden, were not quite sure what to do and how long before a seed will turn into a seedling and then a **plant you will love**.

There can be a lot of frustration which you will feel just because it isn't turning out the way you imagined. To help you with this, I have you covered at all bases, whether you want to grow your plants in your garden with soil or you want to try the new rage of growing without soil.

Just to get you started let's see the books that have been included:

- Gardening A Beginners Guide
- Hydroponics Beginners Gardening Guide
- Square Foot Gardening Guide
- Straw Bale Gardening Guide

What will you get from reading all of these?

IDEA's

You will learn techniques which are specific a certain method but there are techniques which will apply to several methods. You'll be **amazed** at what you pick up.

Let's get down to the important stuff. You're probably wondering how these books will benefit you?

By deciding to grow your own organic vegetables it enables you to do several things:

1. Provide **fresh vegetables** to your loved ones.
2. Learn a **life skill** which you can pass onto your children
3. Relieve yourself of any worry that you will be eating pesticides
4. **Save money**

If you didn't already know, if you buy your food from the store you're not sure what's been added. That's a **huge problem!** You want to know exactly what you're putting in your body.

By growing your own vegetable you're eating **fresh, clean, healthy food** which has come straight from your own back garden, there's nothing **better!**

As well as freshness you want to be able to give your **children a life skill** which they can take with them throughout their life. By them knowing how to garden, they will have one of the most important skills they can acquire. No need to worry when there's a food crisis, you'll be picking your food from your garden.

You will also be more free, and have a better bank balance.

Moreover, organic, fresh vegetables truly **taste so much better.**

Sound Good?

Then I think this book is for you.

GARDENING ALLOWS YOU TO SAVE MONEY AND EAT HEALTHIER!

You have **one thing left to do** to change your garden to something which will change your life for the better
