- Book 2: **Tides of the Realm**
- Book 3: *Title Pending*

**"I've read this book twice now, and I have to say, the second read was eye opening. It is brilliant. There is so much depth, both in the characters and in the plot, full of hidden gems and woven with mastery, that it begins to get into A Song of Ice and Fire territory. Yet whereas the later books in Martin's series took me weeks to finish, I blitzed through The Axe and the Throne so quickly on my first read that I did not fully appreciate it."**

-Goodreads Reviewer, Goblindoper | See full review on Goodreads.

**"The violence and brutality is vivid. The characters are skillfully developed and each one is flawed in some way that makes them more real and believable. The plot line develops slowly and unpredictability, which I appreciate. I have no idea what lays in store in future chapters. There were instances where I didn't want to continue reading for fear of what my be happening to favored characters..."**

**I really enjoyed this book and can't wait for the next one to be published!"**

**"Not only does every character have an amazing amount of depth, but there seems to be a genuine surprise around every corner. I recommend this to anybody who is into fantasy, and can't wait for the second book!"**
