You can answer some of the questions The Super Teacher asks very easily and others you will have to ponder upon. After The Super Teacher asks you a question there will be additional information about the subject. Questions can be common or uncommon. The common questions are the ones that you have been asked many times. You can answer them easily because you're already prepared. If you're asked your name you will be able to say it right away. You have memorized your name and no longer have to think about it. The same goes for your address or birthday. When you're asked a common question such as how are you doing? Then you have to give more thought because your answer could vary each time. Uncommon questions are the ones you're only asked once in awhile or it's the first time you're being asked. More time has to be spent on an uncommon question because you might still be trying to figure out an answer. Have you ever heard someone say, that's a good question? When someone is making a statement like that, they're really saying, "I'm going to think about the question." This book is to encourage you to think and build your self confidence in answering questions. This can help prepare you for questions that you're asked daily. You can share what is going on in your life without having to reveal something personable by having it made public. Certain things in your life can be kept private but still be expressed. You can have an interactive experience where you're able to participate and answer questions from The Super Teacher. You can choose the way you want to answer them. Be creative and have fun. The Super Teacher wants you to do well in life.
