Everyday people come into contact with Islam and those who practice this faith. The need to know about Islamic teachings has become more important than ever.

As Muslims assimilate the English language into their rainbow of lexicons the need for clear and concise literature grows. This is especially true when one considers that there are millions of Muslims whose native language is now English. In addition, many seekers of knowledge have been yearning for a book that would present the clear and precise Islamic view of life in a format that not only invites further study and research, but that also provides the path to achieve this goal. What Islam is All About is a textbook designed to meet all of these needs. In one volume is included the basic history of the Prophet Muhammad, (peace be upon him), the teachings of Islam, the history of the ancient Prophets, the study of the QurYan, the Islamic philosophy of the world and life within it, Islamic law. Hadith, contemporary issues and many more.

Perfect for Muslim schools, Sunday schools, adult study classes, independent learners, students of religion, seekers of truth and anyone interested to know more about Islam from an insider's point of view.
