## **Antwerp Resized** Jasper Léonard

- Discover the world in a whole new way with original photography by the young artist Jasper Léonard
- The photographs in this book, although taken of actual-size subjects, appear to be of miniature models

Antwerp as never seen before, viewed through the eyes of this urban photographer from Antwerp.

An original photo book for Belgians and tourists alike. Amazing, realistic or staged, actual size or miniature? The pictures seem to emerge from the classic film *Honey, I Shrunk the Kids*. With his home-built lenses, Jasper Léonard wanders about everywhere in order to capture life in the big city. He works from rooftops, lifting platforms, occasionally even from a helicopter. In contrast to the well-known Slinkachu, he shows the world as it is, yet in miniature form.

Text in English and Dutch.

Jasper Léonard (1985) graduated in 2010 from Sint-Lucas with an MA in visual arts, but since his childhood, he was always fascinated by photography. Since 2012, he has been Antwerp's urban photographer.
