Grow with Me peers into a beehive, a cocoon, garden soil, and elsewhere to explore the lives and growth of an assortment of creatures and plants. These books for ages eight and up offer elementary but fascinating studies of the life stages that bugs, animals, and vegetation experience as they mature. Magnified photos, easy-to-follow text explaining life stages, and a life-cycle recap all contribute to an educational experience focused on an up-close look at how the featured creature or plant changes and grows throughout its life span. In this title explore the life cycle and life span of apples, using up-close photographs and step-by-step text to follow an apple's growth process from seed to seedling to mature tree.
