Cali Boys

Cali Boys

Joe Phillips' trademark, boys on the verge of becoming men, is clearly on view in his newest work. With this collection, however, the artist is forging new paths for his work. Individual drawings come together to form scenes and short stories. Aside from the beach and surfing backdrops, we know from previous works, the boys show off their stuff in all of the landscapes that California has to offer in fully saturated colour. This collection is even hotter than the mega-hits "Boys Will Be Boys", and "For the Boys".
