## **Beautiful Wildflowers: Wedding Bouquets, Arrangements & More from Nature's Seasonal Abundance** Edle Catharina Norman

Wildflowers add tremendous beauty to our environment, and without them the world would indeed be a dull place. In *Beautiful Wildflowers*, author and professional florist Edle Catharina Norman shares her extensive knowledge of wildflowers how and when to gather and treat them, those that can go awhile without water and those that need a steady supply, techniques for binding the stems and twigs, pairing suggestions to show readers how to create Norman's fabulous and unique designs. Like its companion volume, *Beautiful Winter*, Norman takes the reader through each of the 40 projects in a clear, step-by-step method that includes instructions accompanied by more than 160 photographs that illustrate finished projects and different techniques. From the very first project, you'll see why the wreaths, bouquets, and decorations made from wildflowers and other natural elements touch us deeply with their beauty. Perfect for those crafters who want to bring the joy and loveliness of fresh flowers into their home, *Beautiful Wildflowers* is the perfect place to start.
