*Doing Democracy* examines the potential of the arts and popular culture to extend and deepen the experience of democracy. Its contributors address the use of photography, cartooning, memorials, monuments, poetry, literature, music, theater, festivals, and parades to open political spaces, awaken critical consciousness, engage marginalized groups in political activism, and create new, more democratic societies. This volume demonstrates how ordinary people use the creative and visionary capacity of the arts and popular culture to shape alternative futures. It is unique in its insistence that democratic theorists and activists should acknowledge and employ affective as well as rational faculties in the ongoing struggle for democracy.
