## **Crucifixion in the Mediterranean World (Wissenschaftliche Untersuchungen Zum Neuen Testament)**

John Granger Cook

John Granger Cook traces the use of the penalty by the Romans until its probable abolition by Constantine. Rabbinic and legal sources are not neglected. The material contributes to the understanding of the crucifixion of Jesus and has implications for the theologies of the cross in the New Testament. Images and photographs are included in this volume.

""This is a major and substantial work that will be a valuable resource for many years to come. Cook [...] provides a thorough and deeply documented study of the practice and meaning of crucifixion as a form of capital punishment in the ancient Mediterranean world.""

Donald Senior, *The Bible Today* 2014, p. 375-376

""This volume, with its encyclopedic scope, is the most thorough treatment of the subject yet produced. Cook has done a lifetime's work here and he deserves our appreciation for assembling such a complex, thorough, and useful work.""

Jim West, *Zwinglius Redivivus*
