Encyclopedia of Catholic Social Thought, Social Science, and Social Policy (2-Volume Set) Michael L. Coulter, Stephen M. Krason, Richard S. Myers, Joseph A. Varacalli

With more than 800 topics from over 300 contributors, Encyclopedia of Catholic Social Thought, Social Science, and Social Policy is a comprehensive introduction to the Catholic vision of society, social relations, and the human being. It combines theoretical work on important topics and scholarly disciplines (e.g., economics, moral theology, natural law, philosophy, psychology); social science perspectives on a variety of topics (e.g., alcoholism and drug abuse, forgiveness and mercy, globalization); and treatment of practical policy implications that flow from applying the Catholic religious, moral, and intellectual tradition to contemporary issues (e.g., abortion, assisted suicide, immigration policy, school choice, torture).

The book reflects a broad range of Catholic thought that is international in scope, but with an emphasis on the American situation. Its interdisciplinary approach offers insights from a variety of perspectives: theological, philosophical, historical, economical, sociological, political, psychological, and legal. The work will appeal to individuals who want a clear and accurate introduction to Catholic social thought and a Catholic-informed social science and social policy. One certainly need not be a devotee and advocate for Catholic social thinking to find this encyclopedia of good use as a handy reference tool.
