Professional AngularJS Valeri Karpov, Diego Netto

A comprehensive guide to AngularJS, Google's open-source client-side framework for app development.

Most of the existing guides to AngularJS struggle to provide simple and understandable explanations for more advanced concepts. As a result, some developers who understand all the basic concepts of AngularJS struggle when it comes to building more complex real-world applications. *Professional AngularJS* provides a thorough understanding of AngularJS, covering everything from basic concepts, such as directives and data binding, to more advanced concepts like transclusion, build systems, and automated integration testing. In addition to explaining the features of AngularJS, this book distills real-world experience on how these features fit together to enable teams to work together more effectively in building extraordinary apps.

- Offers a more thorough and comprehensive approach to AngularJS
- Includes pointers to other advanced topics
- Lets you build a simple application from scratch, explaining basic building blocks along the way for quick hands-on learning

From reader reviews:

Terry Hayes:

Here thing why this Professional AngularJS are different and reputable to be yours. First of all reading a book is good however it depends in the content of it which is the content is as scrumptious as food or not. Professional AngularJS giving you information deeper and in different ways, you can find any reserve out there but there is no reserve that similar with Professional AngularJS. It gives you thrill reading journey, its open up your personal eyes about the thing in which happened in the world which is probably can be happened around you. You can actually bring everywhere like in playground, café, or even in your technique home by train. Should you be having difficulties in bringing the imprinted book maybe the form of Professional AngularJS in e-book can be your alternative.

Micheal Moore:

The actual book Professional AngularJS has a lot details on it. So when you make sure to read this book you can get a lot of gain. The book was compiled by the very famous author. The author makes some research just before write this book. That book very easy to read you can get the point easily after perusing this book.

Ashley Parra:

Don't be worry should you be afraid that this book will filled the space in your house, you will get it in e-book method, more simple and reachable. That Professional AngularJS can give you a lot of pals because by you taking a look at this one book you have issue that they don't and make anyone more like an interesting person. This particular book can be one of a step for you to get success. This guide offer you information that probably your friend doesn't recognize, by knowing more than some other make you to be great people. So , why hesitate? Let me have Professional AngularJS.

Donald Andrews:

As a student exactly feel bored to help reading. If their teacher expected them to go to the library or to make summary for some reserve, they are complained. Just minor students that has reading's heart and soul or real their interest. They just do what the trainer want, like asked to the library. They go to at this time there but nothing reading critically. Any students feel that examining is not important, boring along with can't see colorful pics on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this age, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore , this Professional AngularJS can make you sense more interested to read.
