Stolen Legacy: The Egyptian Origins of Western Philosophy: The Egyptian Origins of Western Philosophy George G M James

In this bold and uncompromising book, George G. M. James argues that the "Greek philosophy" in which nearly all of Western culture has its roots actually originated in ancient Egypt

Drawing on careful historical research and a radical rethinking of the conventional narrative of Greek history, James asserts that our celebration of the ancient Greeks as the creators of Western civilization and philosophy is misattributed. In fact, he argues, our praise rightfully belongs to the people of Africa. Furthermore, this massive intellectual and cultural theft has helped lend credence to the damaging notion that the entire continent of Africa has contributed nothing to world civilization.

James explores documented connections between celebrated Greek philosophers and the influence of Egyptian thought, proposing other possible links between northern Africa and Greece as well. An important book for understanding the history of philosophy, culture, and race in the modern world, *Stolen Legacy* is not to be missed.

Fabian Luton:

Are you kind of hectic person, only have 10 or 15 minute in your moment to upgrading your mind ability or thinking skill also analytical thinking? Then you are receiving problem with the book when compared with can satisfy your short space of time to read it because this time you only find book that need more time to be learn. *Stolen Legacy: The Egyptian Origins of Western Philosophy: The Egyptian Origins of Western Philosophy* can be your answer since it can be read by an individual who have those short extra time problems.

Alice Winfield:

As a scholar exactly feel bored for you to reading. If their teacher questioned them to go to the library in order to make summary for some e-book, they are complained. Just very little students that has reading's heart or real their interest. They just do what the instructor want, like asked to go to the library. They go to at

this time there but nothing reading critically. Any students feel that examining is not important, boring along with can't see colorful photographs on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this period, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. So , this Stolen Legacy: The Egyptian Origins of Western Philosophy: The Egyptian Origins of Western Philosophy can make you feel more interested to read.
