Cicero as Evidence: A Historian's Companion Andrew Lintott

Cicero, one of the greatest orators of all time and an important politician at the time of the downfall of the Roman Republic, has left in his writings a first-hand view of the age of Caesar and Pompey. However, readers need to learn how to interpret these writings and, as with any politician or orator, not to believe too easily what he says. This book is a guide to reading Cicero and a companion to anyone who is prepared to take the long but rewarding journey through his works. It is not in itself a biography, but may help readers to construct their own biographies of Cicero or histories of his age.
