Introduced in 1994, the Dodge Neon has proven to be a reliable and capable performer. Even in its factory guise, the Neon has a lot to offer. But that doesn't mean it can't be improved upon!

High Performance Neon Builder's Handbook is your one-stop shop for all the information you need to get the maximum performance out of your Dodge Neon. This comprehensive book details everything including available Neon models, suspension and braking improvements, drivetrain modifications, and working on a budget. Engine modifications are extensively covered, including specific details about intake systems, exhaust systems, ignition and fuel systems, short-block modification, and thorough coverage on heads, cams, and valvetrain.

A helpful chapter on how and where to go racing is also included, as well as a handy source guide. If you want to make your Neon the hottest sport compact on the street, this is the book for you.
