Supply Chain Management for Humanitarians: Tools for Practice Gyöngyi Kovács, Karen Spens, Ira Haavisto

Supply Chain Management for Humanitarians provides an in depth insight into the management of supply chains in the context of humanitarian logistics. This accessible and practical book considers humanitarian logistics from both a strategic and operational perspective.

The overarching theme is collaboration and coordination, one of the biggest challenges in the humanitarian community. *Supply Chain Management for Humanitarians* takes a problem-based learning approach, featuring real cases and examples from leading organisations including Oxfam, Unicef, and The Red Cross.

Each chapter is self-standing, relating the content in each chapter to the supply chain as a whole. This enables the reader to easily dip into different sections. At the end of each chapter, there is a case study written by a leading practitioner currently working in the humanitarian field.

Supply Chain Management for Humanitarians fills a much needed gap in the market and is essential reading for humanitarians worldwide.
