The Complete Collected Works of Dr. Phineas Parkhurst Quimby Phineas Parkhurst Quimby

Dr. Phineas Parkhurst Quimby (1802-1866) was a lifelong resident of Belfast, ME and a clockmaker, by trade. From the late 1840s until the time of his transition, he wrote down his own particular philosophical, psychological and metaphysical views on life, death, health, religion and the mind. His early studies of hypnosis, then called mesmerism, led him later on to develop his unique method of healing for both mental and physical ailments.

Within these pages, consisting of over a half-million words, lie the keys to life, health and happiness, according to Dr. Quimby, who dedicated his life to helping others out of their miseries or diseases, with his own working knowledge of the science of mind.

Proud of his New England heritage, passionate in his love of liberty and equality for all, outspoken in his admonitions against what he considered aristocracy and priestcraft, empathetic toward the sick and suffering, he recorded his experiences, experiments and case studies of his own life journey's explorations into humanity and spirituality, in order to leave behind, for us, what he found, for himself, to be universally applicable truths, for the benefit of all mankind.

For this reason, he wrote this book. ~ Rev. Lux Newman, Church of Spiritual Science
